5. DORSET COUNTY COUNCILLOR REPORT

Councillor Knox stated that it was good to see so many people attending the Annual Parish Meeting and that the Broadwindsor Group Parish was a very active community. Councillor Knox reported that local government reform would bring about change with the reduction in the number of Councillors and the opportunity to both simplify and improve the current system. Councillor Knox stated that others may see local government reform differently to her, but she very much believes that the community should be part of the process and have the opportunity to influence the decisions that will take place. Councillor Knox stated that

there are other ways of looking at local government services and used the example of rights of way which were once regarded as a difficult service area and which are now seen as a real asset in terms of health and wellbeing. Councillor Knox stated that she would ensure that communities through their Parish Councils are kept informed of the local government reform process. Councillor Hibbard thanked Councillor Knox for her report.

6. WEST DORSET DISTRICT COUNCILLOR REPORT

Councillor Sewell presented this report. Councillor Sewell stated that it had again been a busy year with her main workload being the provision of support to residents on issues relating to planning, rural transport and housing as well as being part of the Broadwindsor Group Parish Community Land Trust, Neighbourhood Plan Committee and more recently the Drimpton Speedwatch Group. Councillor Sewell stated that she still served on the Licensing Committee and is Vice Chairman of the Policy Scrutiny Committee and Chairman of the Joint Overview and Scrutiny Committee. Councillor Sewell reported that she was part of a wider member engagement task and finish group and involved with the preparations for the proposed Unitary Council. Councillor Sewell stated that she wanted to ensure that the voice of the rural areas are listened to and stated that the new Unitary Councillors will be representing about four thousand residents and will need to be active in the area they represent. Councillor Sewell reported that the year had seen a £5.00 increase in Council Tax and stated that Council expenditure had risen, with changes to the minimum wage, increased utility bills etc. Councillor Sewell reported that the District Council had moved from an executive committee to a management committee with three additional new Liberal Democrat members, representing an extra £22,000 in member allowances plus travel expenses. Councillor Sewell reported that when the new Unitary Council is created, that a harmonisation of Council Tax would happen quite quickly. Councillor Chubb asked whether this would mean an increase or decrease for residents of the Grouped Parish area, Councillor Sewell stated that she did not know at this time. Councillor Smith stated that if money was being saved then why should Council tax increase. Councillor Sewell reported that Christchurch was now challenging the creation of the two new Unitary Councils although eight out of nine Councils voted in favour.

Councillor Knox stated that across the County, residents currently pay different rates of Council Tax, with West Dorset paying less than East Dorset as an example and there is a need to harmonise rates. Councillor Knox stated that there is currently a discussion as to when harmonisation will take place. Councillor Smith stated that it was difficult to judge whether services received were equal across the County and Councillor Chubb stated that it is important to know all of the facts about this matter. A member of the public asked whether the Council has bought property as an investment as other Councils across the region had done so, Councillor Sewell stated that there was a trading company already established.
